

Composites[®] International

••• **IDI TRAIN :** Train transportation parts

- ✓ Fire and smoke properties
- ✓ EN 45545-2
- ✓ NFF 16101-16102
- ✓ BS 6853
- ✓ Short cycle time
- ✓ Surface aspect (low profile + paint)

IDI GREEN (NEW)

- ✓ Biosourced resin
- ✓ CO2 emission (LCA)

Custom composites for high
performances applications

Engineered for performance

Thermoset molding compounds • SMC, BMC, CIC

With more than **40 years** of leadership experience, **IDI Composites International Europe SAS** works closely with customers to identify and to develop the **optimal thermoset molding compound for each application**.

The European production site is located in France, at 200 kms from the south of Paris, and answer to customers demand in **Europe, Africa, Russia and India**.

Competitive advantages

	Metals	Thermoplastics	SMC/BMC/CIC
Material Cost	-	+	++
Tool Cost	--	++	+
Electric Insulation	--	++	++
Corrosion Resistance	--	++	++
Temperature Performance	++	--	+
Moulding precision	+	--	++
Dimensional Stability	+	--	++
Integration of function	--	++	++
Design	--	++	++
Recycling	++	++	+
Knowledge of Engineering Offices	++	+	-
