World's Leading Industries.**

# Over 55 Years of Leadership in Thermoset Composites

IDI Composites International (IDI) is the premier global formulator and manufacturer of thermoset molding composites and compounds for OEMs, Tier 1s and molders. IDI provides standardized and customized polyester/vinylester-based sheet molding compounds (SMC), bulk molding compounds (BMC), and new lines of high performance composites, Ultrium™, Fortium™, Flamevex™ and Alluralite™ that are manufactured for the most demanding applications.

## A Commitment To Excellence

The IDI 3i Composites Technology Center is the research and development division of IDI. The 3i team generates and proves new ideas, approaches, and materials to address the engineering and performance challenges of both our customers and the industry. We design, develop, and manufacture thermoset composites for innovative customers seeking to go beyond the value limitations of conventional materials.

## Composites Perform

**Low Density**

**High Strength**

**Dielectric & Flame Resistance**

**Dimensional Stability**

**Paintable**

**UV Stability & Colorfast**

**Low Flame & Smoke Toxicity**

**Corrosion Resistance**

**Low Shrink**

**FORTIUM**<sup>TM</sup>  
High Glass Fiber Composites

The Fortium logo features the word 'FORTIUM' in a bold, black, sans-serif font, with a blue horizontal line above and below it. A blue circle is positioned above the 'I'. Below the logo, the text 'High Glass Fiber Composites' is written in a smaller, black, sans-serif font. The background of the entire right side of the page is a light grey globe.

**ULTRIUM**<sup>TM</sup>  
Carbon Fiber Composites

The Ultrium logo features the word 'ULTRIUM' in a bold, black, sans-serif font, with an orange horizontal line above and below it. An orange diamond is positioned above the 'I'. Below the logo, the text 'Carbon Fiber Composites' is written in a smaller, black, sans-serif font. The background of the entire right side of the page is a light grey globe.

**ALLURALITE**<sup>TM</sup>  
Lightweight Aesthetic Composites

The Alluralite logo features the word 'ALLURALITE' in a bold, black, sans-serif font, with a green horizontal line above and below it. A green triangle is positioned above the 'I'. Below the logo, the text 'Lightweight Aesthetic Composites' is written in a smaller, black, sans-serif font. The background of the entire right side of the page is a light grey globe.

**FLAMEVEX**<sup>TM</sup>  
Flame Resistant Lightweight Composites

The Flamevex logo features the word 'FLAMEVEX' in a bold, green, sans-serif font, with a blue flame icon above the 'E'. Below the logo, the text 'Flame Resistant Lightweight Composites' is written in a smaller, black, sans-serif font. The background of the entire right side of the page is a light grey globe.

**Worldwide and strategically located manufacturing facilities enable IDI to transfer material innovation and product technology to support global OEMs.**

**IDI 3i Composites  
Technology Center**  
**inquiry • ideas • innovation**

The 3i Composites Technology Center is the research and development division of IDI Composites International, with locations in both North America and Europe. Due to increased demand from OEMs, Tier 1s and molders for stronger, lower density and higher performing materials, the 3i Technology Center was founded to meet these industry-wide demands.
